- ii. the Group expects to record substantial decreases in its gross profit and gross profit margin for the second half year of 2018 (i.e. approximately RMB43,100,000 and 14% respectively) as compared to that for first half year of 2018 (i.e. approximately RMB100,000,000 and 32% respectively) and second half year of 2017 (i.e.

approximately RMB101,100,000 and 27% respectively) respectively. Such decreases were mainly due to the decrease in price of optical fibers during the second half year of 2018; and

- iii. the Group expects to record substantial decrease in its investment income (the Year: approximately RMB500,000; the Corresponding Year: approximately RMB8,700,000) and other income (the Year: approximately RMB7,800,000; the Corresponding Year: approximately RMB20,300,000) for the Year as compared to those for the Corresponding Year due to the decrease in revenue from associates of the Company and the decrease in government subsidies.
